From [Jainé Kershner Photography](#): "Rachel & Cameron's wedding was 2 years in the making and with two postponements, venue, and date change, they finally were able to tie the knot at the gorgeous Valley Rock Inn in Sloatsburg, NY. The couple said their vows under the floral chuppah covered by the treetops in the secluded ceremony space. Once the glass was broken, their 60 guests enjoyed cocktails in the rose garden before heading under the sailcloth tent for their reception. Denise Fasanello was their floral designer who used pops of color throughout the decor."
